

NP Meeting Minutes

14/9/16

Present: GRD SC RT OL IP

Apologies: DD

There was a quick resume of the last actions ie photographs taken around the village during and after the walkabout with the suggestion of adding one of the small disused chapel at the cemetery

1. Key Issues

A full discussion took place to draw these out from the questionnaire responses and previous survey. It was clarified that both chapters and policies should focus on these themes with an opening objective as to their inclusion and purpose. In particular, we considered examples of Housing and Green Spaces in other NPs.

It was agreed for us to take a theme each and prepare the evidence from the questionnaires etc for the next meeting plus suggestions for how to present it at the Open Day:

1. Heritage and Environment

The protection and creation of both the built and natural environment including open, green spaces, views and footpaths

Action: OL

2. Housing

Development areas – size of these and types of houses. What criteria are there to be to enable people to choose development sites at the Open Day?

Action: SC

3. Transport

Volume and speed of traffic
Type of traffic
Parking

Action: DD

4. Community Facilities

Shops, pubs, surgery, CC, churches, playing fields, schools, library/courthouse etc

Action GRD

- 5. Local Economy
 - Job preservation and creation
 - Broadband and mobile service
 - Fibre ducting
 - Tourism

Action: RT

Ian informed us that Bill Newman – the local planning chairman – would be happy to join us to look at any early draft of our NP (ie after the Open Day)

The meeting closed at 9.25

Date and time of next meeting:

Wednesday, September 28th 2016 8.00pm

Apologies: IP
